

DC Inverter Pump

- Built-in DC Inverter Pump
- Convenient Sliding bar
- Greater peace of mind with 12 safety features.
- Hygienic Shower Head & Hose are made of antibacterial material.
- Shower Head: modern design with 5 different water flows to choose from.
- On-Off Switch: enables showering without turning the heater on for greater energy efficiency.
- Beautiful, strong and non-flammable shower case and head.
- IEC:60335-2-35/A2:2009 Certification for the shower heater unit.
- SIRIM: MS 1597-2-35-2010 Certification for the shower heater unit.

Slim, Easy-to-Use Design

Features a slender, smooth form and large, easy-to-push buttons.

Safe, Reliable Design

Safety Features Hitachi is Particular About

Incoloy Heater

(Incoloy is a stainless steel and nickel alloy)
This rust-free heater prevents the formation of sediment and withstands high temperatures.

Copper Heater Tank

The tank is made of copper and is highly resistant to heat and pressure.

DC Inverter Pump model internal construction

12 Advanced Safety Features

Detailed Consideration by Hitachi

All potential risk sites are thoroughly insulated and, of course, there's an earth leakage circuit breaker (ELCB) to further assure safe use.

ELCB (Earth Leakage Circuit Breaker)
This breaker cuts off the power within 0.1 second when it detects an electrical leakage of 15mA or higher.

On-Off Switch
This is the master switch to control the operation of the system.

Insulation at Potential Risk Points

Rust-resistant Incoloy heater
Features a function to prevent water becoming too hot and causing scalding. For extra safety, UL 94-V0 flame-resistant material is also used.

Incoloy Heater
This rust-free heater prevents the formation of sediment and withstands high temperatures.

Thermostat with a Reset System
The system makes sure that the water temperature never goes any higher than 75°C.

Copper Heater Tank
The tank is made of copper and is highly resistant to heat and pressure.

PCB Cover

It protects the PCB from water, flame proof.

Non Flammable Cabinet
The cover is made of a special material and is certified with the UL 94-V0 standard.

IP25 water- and dust-resistant finish. Also features a water pressure regulation valve to prevent excessive water pressure on the heater.

Waterproof Structure
IP25 Grade
Prevents water entering.

Water Pressure Sensor
This enables the machine to continue working normally even when the water pressure drops to as low as 4.9033 kPa. (Standard model: 15.6906 kPa)

Water Pressure Controller
The valve ensures that water pressure does not exceed 800 kPa.

Water Filter
Prevents dirt entering at the valve.

Built-in DC Inverter Pump

A DC inverter pump providing strong water pressure for a comfortable shower.

* Applies to DC Inverter Pump model.
* The effect differs depending on conditions of use.

Convenient, Multifunction 5-Style Shower

Hygienic Head & Hose

Hitachi's Hygienic Head & Hose are made of antibacterial material and specifically designed to inhibit bacteria proliferation and ensure a hygienic showering experience.

* Head: ●Inspection Agency: Japan Spinners Inspecting Foundation ●Inspection Method: JIS Z2801 ●Antibacterial Method: Consolidated into the resin ●Value of Antimicrobial Activity: Escherichia coli (3.3) <effectiveness of above 99%>

* Hose: ●Inspection Agency: Intertek Testing Service (Thailand) Ltd. ●Inspection Method: JIS Z2801 ●Antibacterial Method: Consolidated into the resin ●Staphylococcus aureus (4.11) <effectiveness of above 99%>Standard of effectiveness in antimicrobial value is 2.0 or above.

3in1 Water Valve

Conveniently located to let you easily adjust water volume and switch the shower off. Also features an integrated water filter and water pressure controller.

Convenient Sliding Bar

5-Style Adjustable Water Flows to Suit Your Needs

Inner Shower
A steady flow for thorough cleansing.

Outer Shower
A soothing shower for all.

Inner & Outer Shower
A truly refreshing shower.

Outer Rain and Massage Shower
A comforting massaging flow to help you relax and unwind.

Massage Shower
An invigorating massaging rainfall to help ease away the cares of the day.
